ODP Interregional All Star Team 2016, Bradenton, FL), ODP Championships 2015,
16 17 (Phoenix, AZ)

Coach/Evaluator Comments:

My name is Daniel Burnham, I am writing a letter of recommendation for Kaden Connor. I am the coach for Idaho Rush Soccer Club's 99/00 team. Before coaching I played semi-pro in Australia and played at Penn State University from 2010 to 2012.

I have had the privilege to coach Kaden for the past 3 years. Kaden has been Idaho's top goal keeper for those three years, out-performing goal keepers that were two and three years older than him. He is an all-around goal keeper and has the mental capacity to succeed at a very high level, even beyond his collegiate career. His tactical awareness as a goal keeper is extremely mature for his age, which made our team defense better as a whole. His shot stopping ability is among the top in the region and there is no one in the state of Idaho and perhaps in the region that has his tactical and technical awareness.

Kaden was not only our most valuable player but was voted team captain by his teammates. His teammates respect him and listen to him because his verbal communication in games and in trainings sessions is spot on. His teammates rely on his knowledge to understand their roles on the team. Kaden is not just a great player but a fantastic person and great student. You will never be faced with ineligibility issues because he is dedicated to his studies and his sport. When you get Kaden you are getting the whole package.

I would recommend Kaden to any coach or top collegiate program in the nation because he is the type of person that if he needs to work on something then he will work on it until he gets it. He wants to learn and wants to get better with every single training session he is in. He has never been to a practice where he wasn't trying to get better in the 3 years that I have coached him. I look forward to his future and the successes he will have. If you have any questions please contact me directly [contact information available upon request].
Thank you - Daniel Burnham (Idaho Rush Soccer Club)
